A decorative circular collage on the right side of the page. It features several overlapping circular images: a DJ performing at a night event, a traditional Balinese stone statue (Pegon) outdoors, and a group of dancers in traditional red and white attire performing on a stage. The collage is set against a dark blue background with a white circular cutout that frames the text.

COMPANY BACKGROUND

Premier Event Management on Bali Since 1999, Pro Motion Events has been producing unforgettable events on Bali, Jakarta and Jogjakarta, for any corporation, company, group or association, above and beyond the typical realm. Pro Motion Events organizes events utilizing the aesthetic beauty of Indonesia in exotic locations such as on a cliff top, beachside, at ancient temples, or simply on the grounds of a fantastic tropical villa or five star hotel.

Pro Motion Events brings world-class entertainment, state-of-the-art sound systems and lighting, and creative décor to create a dynamic event in any location, whether it be a sports tournament, a wedding, a seminar, a concert, a product launch, a fashion show, a film event or any other special occasion you or your clients desire, on Bali and beyond.

Pro Motion Events, since 1999, also handles all Public Relations strategies for events, and provides graphic mapping, layout and design for required promotional materials such as banners, flyers, e-flyers, posters, brochures, signage, websites, eblasts, VIP Security, and more.

Additional services include marketing consulting and strategy, database and guest list management, and press and media conferences. Pro Motion Events is also linked to a premier modeling and talent agency, which provides MC's, models, modern and traditional dancers, actors, DJ's and presenters for clients.
