

## COMPANY BACKGROUND

Pro Motion Events, since 1999, offers unforgettable events for any corporation, company, group or association, above and beyond the typical realm. Pro Motion Events organizes events utilizing the aesthetic beauty of Indonesia in exotic locations such as on a cliff top, beachside, at ancient temples, or simply on the grounds of a fantastic tropical villa, club, or five star hotel.

PME also handles all Public Relations strategies for events, and provides graphic mapping, layout and design for required promotional materials such as banners, flyers, e-flyers, posters, brochures, signage, websites, e-blasts, VIP Security, and more.

Additional services include marketing consulting and strategy, database and guest list management, and press and media conferences. Pro Motion Events is also linked to Bali's premiere modeling and talent agency, which provides MC's, models, modern and traditional dancers, actors, DJ's and presenters for clients.

Pro Motion Events brings five star catering, world-class entertainment, state-of-the-art sound systems and lighting, and creative décor to create a dynamic event in any location, whether it be a wedding, a seminar, a concert, a product launch, a fashion show, a film event or any other special occasion you or your clients desire, on Bali and beyond.
